### Secondary School

Kendriya Vidyalaya (CBSE) / Chennai, Tamil Nadu / April, 2018 - May, 2019  
Secured 87%

### Higher Secondary

Kendriya Vidyalaya (CBSE) / Chennai, Tamil Nadu / April, 2020 - May, 2021  
Secured 87%

### B.Tech Computer Science & Engineering

Vellore Institute of Technology / Chennai, Tamil Nadu / September, 2021 - Present  
Secured 8.32 CGPA (Currently)

## PROJECTS INVOLVED

### FireChat

A Mobile Application for instant text messaging to send receive message with push notifications along with a login/register screen using Flutter and Firebase as Backend Technology.

<https://github.com/chanakya-ex3/FireChat>

### StegApp

Windows Application using Flutter to prevent Unauthorised File Access Prevention within or outside an Organisation using Steganography. This application takes file and intended network from user as Input and Generates a folder which is ready to be converted into a file containing steganography. this folder contains both User's Precious file as well as executable Script. Eager to develop a method of using steganography to transform a folder into a file(with steganography), thus eliminating the requirement for any external application during the final conversion

<https://github.com/chanakya-ex3/StegApp>

### MovieZone

A Movie Streaming Platform like website using React that fetches for Movies based on User's Input Keyword.

<https://github.com/chanakya-ex3/MovieZone/tree/main/src>

### Smart Home Application Design

Successfully implemented UI/UX skills to Design a Smart Home Application using Figma

<https://www.figma.com/file/gU6Sgd5S1Igl80pVdAvnV9/HomepageStage1?type=design&node-id=0%3A1&mode=design>
